

JUNIOR LEAGUE OF RHODE ISLAND

Alli Jean, Fund Development Council Co-Director

I am excited to work with amazing women who are enthusiastic about leadership development, fundraising and volunteering during this league year. I'm a life-long Rhode Islander and currently live in Riverside. I work for Lifespan as a Senior Research Review Coordinator, a job which allows me to put my passion for research ethics to use every day. I love to travel, both locally and abroad and have an extensive travel bucket list. I am also passionate about politics, enjoy photography, reading, and spending time with friends and family.
